

DECLARATION OF SOVEREIGNTY FOR THE REPUBLIC OF BRITISH COLUMBIA

During our history, we have been manipulated and deceived through a system of democracy only to discover we have been living as slaves in a system of burdensome taxation, no accountability, and indebtedness. The DE FACTO GOVERNMENT lorded their alleged authority over sovereign man and woman throughout the land, continuing to oppress and trespass on the sovereign man and woman, subjecting us to a life of servitude.

Therefore, it has become necessary for the sovereigns to dissolve, reject, rescind, disavow, and liberate themselves from the tyranny forced upon us by an invasive entity known as a DE FACTO GOVERNMENT, which has never represented our interests or our unalienable rights. We the sovereigns of The Republic of British Columbia, assert our unalienable rights which are innumerable, for example self determination, sovereignty, autonomy, property, land, air, and water, by the creation of our sovereign nation, known as The Republic of British Columbia. It is incumbent upon us to declare the causes which compel us to free ourselves from the legal fiction rule of the CROWN, corporate BRITISH COLUMBIA, corporate CANADA and all their subsidiaries, political bodies, and entities.

The crux of our grievances is the usurpation of our unalienable rights. The freedom of choice, free speech, right to own and bear arms, right to own land and property, security of life and liberty have been usurped. Taxation without representation by a tyrannical government is self-evident. Deceit, trickery, manipulation, assumption, unaccountability, and flagrant abuses of power have been used to divide us, destroy the family unit, and have caused harm in ways too numerous to mention.

We affirm and declare that we are sovereign. All past, present, domestic, and foreign contracts and odious debt incurred by the CROWN, corporate BRITISH COLUMBIA and corporate CANADA, are null and void, and will not and cannot be transferred to The Republic of BRITISH COLUMBIA or the sovereigns.

We claim our unalienable rights through this declaration as sovereign man and woman standing on the land in unity.

The Republic of British Columbia
