

# **DECLARATION OF SOVEREIGNTY FOR THE REPUBLIC OF ONTARIO**

**The year is 2020. The world is in a state of surreality. Logic, reason, and truth have been turned upside down; fiction turned into fact and fact into fiction. Over the past decade, we have seen countless unlawful attacks and invasions of sovereign countries based on lies and misinformation, all done in our name while mainstream media is impotent and unwilling to report truth and fact, endangering all sovereigns in the process.**

**In the Corporation of Canada, the farcical Westminster Act charade of party politics is being played out like a faded play, with politicians pandering to corporate agendas well beyond any mandate given to them by the Sovereigns. Left to their devices, they will carry on with the collective corruption of attacking and supporting the collapse of sovereign countries, seemingly intent on provoking and instigating a potentially catastrophic world war. At the same time, while billions upon billions of our money is spent on these unlawful attacks and devoured by government debts to central banks. We are told to prepare for possible perpetual austerity and urged to keep propping up a fundamentally flawed financial system, with increased taxes in all areas. None of this is normal; it is abnormal. It breaks all moral and international laws of legitimate governance and is dangerous not only for the Republic of Ontario, for the Provinces and potentially the whole world and its sovereigns.**

**In the course of political events, it sometimes becomes necessary and natural for a nation to dissolve the political control that has bound it with another and to establish its own Sovereignty. It is time for the Republic of Ontario sovereignty. If there was ever a time, this is that time! The Republic of Ontario has to draw a line in the sand and take full responsibility for itself, for the sake of the future well-being of all its Sovereigns now and in the future. The Republic of Ontario, its military men and women, and all its Sovereigns should not be dragged into continual wars based on lies and misinformation perpetrated by corrupt governments from inside and outside our borders. The Republic of Ontario does not need to give away its natural resources, land, and taxes whilst having no control over its economy, its immigration, or foreign policy. The lives and futures of the Sovereigns of the Republic of Ontario or any country should not be endangered by any corrupt, "morally" bankrupt politician or government, whoever and wherever they may be; it does not have to be this way.**

**For the good of all and with a justified sense of urgency, we also urge all Sovereigns to contact these so-called elected officials to stand up for what is**

**right. Impeach any government and politician that continue to endanger all our lives and futures by committing unlawful wars and a corrupt financial agenda. We also urge all our public civil servants, all employees, and the mainstream media to stand up for what is right, challenge and expose all unlawfulness and wrongdoings; No one wants to, has to, or deserves to live in a climate of constant fear and threat. We have every right to live in hope and in the pursuit of happiness, liberty, and Sovereignty, as sovereigns and as nations.**

**As we support evolution and the improved accountability it has brought to the Republic of Ontario within its limited powers, we believe that full Sovereignty under a written constitution is the only real, just, and accountable way for any country to exist. It is ultimately pointless for Ontario Corporation politicians and the Ontario population to keep looking to Westminster to solve its major ills, "We the Sovereigns" of the Republic of Ontario hold the key to our future, security, and well-being. When push comes to shove, no one will have the Republic of Ontario's back unless we have it ourselves. The sovereigns and politicians of this unlawful Ontario Corporation must be put aside, political party partisanship for the sake of all our future security and prosperity, and in order to avoid future conflicts and crises. (Only we can do it and demand it).**

**We hereby put our faith in the Republic of Ontario's Sovereigns to take charge of their own country and destination. To instate full self-government under the Republic of Ontario Sovereignty as is written in our Republic of Ontario Constitution. To not accept control and authority of a corrupt government or any other proclaimed authority from inside or outside of our borders. To call for the End of the Westminster Government. To honor our Republic of Ontario Constitution (Declaration regarding Non Self Governing Territories), so that all the Sovereign of the Republic of Ontario and their descendants can go on to form and shape their new Sovereign Republic of Ontario. Develop their future through the ways decided upon by the Republic of Ontario's Sovereigns and no one else.**

**The Sovereigns call for an Executive Administration, Judiciary, and Republic of Ontario Treasury as part of a Sovereign Republic of Ontario's Administration. The Sovereigns call on the current devolved Ontario Corporation and Unlawful Government to be superseded, succeeded, and replaced by a real independent fully Sovereign Republic of Ontario administration, operating within a fully Sovereign Republic of Ontario. All of these will be answerable to the Sovereigns of the Republic of Ontario. These are the natural, lawful, unalienable, and sovereign rights of the Sovereigns of the Republic of Ontario to determine their own relations with other nations, for the Republic of Ontario to determine its administrative, economic and cultural life in accordance with its own needs and aspirations.**

**The Sovereigns call on the Republic of Ontario administration to re-establish a new Judicial Law and court system in the Republic of Ontario. This will mean an end to the antiquated unlawful entities (Canada Corporation and Ontario Corporation). A Sovereign Republic of Ontario Judiciary will be implemented in our Republic of Ontario Constitution to be implemented in a lawful agreement that will transition this process to the devolved Ontario Provincial Corporation. The Sovereigns state that the Republic of Ontario never entered into a political union with Canada or England; the laws in the Canada Acts, that Canada adopted on July 1<sup>st</sup>, 1867, as a new province, never entered Confederation in Ottawa, Ontario's capital. Where only a judicial annexation and an incorporation done by the Dominion of Canada was never ratified by the Sovereigns of the Republic of Ontario.**

**The Sovereigns of the Republic of Ontario call for the full and proper implementation of the Republic of Ontario. (Declaration regarding Non-Self Governing Territories). In Which Canada, Province has signed, and that clearly requires that Canada commit to achieving full self-government to all dependent territories. Willfully assist them in the progressive development of their free political institutions and to commit to ensuring that the full political, economic, social, and cultural rights and freedoms of these territories be implemented until such time as Ontario Sovereignty has been accomplished.**

**The Republic of Ontario Sovereigns call for a transferrable economic agreement whereby the full financial budget of Ontario Corporation is transferred from the International Monetary Fund, the Bank of Canada Treasury to the Sovereign Republic of Ontario Treasury. A transfer of economic reigns will allow the Sovereigns of the Republic of Ontario time to invest in infrastructure and renewable energy projects, build up pensions and legacy funds so that it will be ready for complete economic freedom as is required and signed: \_\_\_\_\_, by the de-facto Canada corporation under the above mentioned Sovereign Republic of Ontario Constitution "Declaration regarding Non-Self Governing Territories." The Sovereigns of the Republic of Ontario call for the Republic of Ontario Treasury Fund to always be accountable to the Sovereigns of the Republic of Ontario. All money shall be given, not lent, non-repayable, and interest-free to the Republic of Ontario Administration by the Republic of Ontario Treasury Fund. All pensions, current savings accounts belonging to and earned by the Republic of Ontario's Sovereigns will be guaranteed by law and completely separated from any gambling financial sectors.**

**The Sovereign(s) of The Republic of Ontario will NOT be responsible for any debt incurred by the de-facto Canada Inc. Canada Inc. debt will not be transferable to The Republic of Ontario if it was incurred without the consent of, and without benefiting, the Sovereigns.**

**The Sovereigns of The Republic of Ontario do not recognize any contracts or regulations that were passed or implemented by the Illegal and unlawful Canada Corporation. This requires an immediate investigation within all National and International Trade Deals.**

**The Sovereigns of the Republic of Ontario will now lead the world in removing the fraud of the Paris Climate Accord.**

**Everything that we found on the Republic of Ontario belongs to the Sovereigns of the Republic of Ontario.**

**The Sovereign Republic of Ontario will establish and regulate an exclusive Republic of Ontario National Power Grid, which will link and unify all the currently unconnected electrical lines so that all of the Republic of Ontario's power is connected. All excess energy of the Republic of Ontario can be sold at a profit to countries outside of the Republic of Ontario.**

**The Sovereign Republic of Ontario Administration will establish and regulate its drinking water resources and reservoirs. It will be a priority of the Republic of Ontario to attempt to provide the best quality potable water to every community where possible, with access to filtration systems where needed.**

**The Republic of Ontario will make sure that entities outside of the Republic can no longer harvest the Republic's natural resources and are no longer licensed to harvest the Republic's natural resources.**

**The Republic of Ontario, as a nation, profits fully from its own resources.**

**The Sovereign Republic of Ontario, to be economically and nationally strengthened, will take back control of the existing rail lines and build new rail lines and routes where needed.**

**The Sovereign Republic of Ontario will instruct all institutions and services that serve the Sovereigns of the Republic of Ontario to build and base all military veteran or rehabilitation centers for ex-servicemen and women in the Republic of Ontario. All other institutions, foundations, and societies whose prime concern is to represent the interests of the Sovereigns of the Republic of Ontario and all its sovereigns must be rooted in the Republic of Ontario and answerable to the Republic of Ontario.**

**The Sovereign Republic of Ontario has a long and proud military history, and we want this to continue. All Armed Forces, Air Force, Police Services, and First Responders for the Republic of Ontario to be under the full commitment of a sovereign administration. The Republic of Ontario military bases to be based in either existing or new bases. We do advocate and can deploy a modern, flexible military for the purpose of the full defense of the Republic of Ontario and its Sovereigns. In the case of our neighbors' mutual protection and military defense, we advocate a treaty of alliance between the military forces of the US Republics and all other Nations and surrounding areas. We would also advocate signing defense treaties in these nations only if they are lawful and moral.**

**The Republic of Ontario will offer an opportunity for greater cooperation and understanding between all the countries and sovereigns of our**

**neighboring borders. Our neighbors in the surrounding area, when needed, will meet as equal nations in the name of friendship and mutual respect. The Republic of Ontario wants to build and establish an even better and more productive relationship with all other nations of the world. The Republic of Ontario fully supports other nations that want to establish their Sovereignty.**

**All Sovereigns are created equal. Sovereignty belongs to the Sovereigns of the Republic of Ontario and to all Sovereigns and not to anyone Sovereign or any government based here or in another country. Anything that suggests or undermines these basic rights of fundamental law and sovereign liberty will not be permitted. The sovereigns of The Republic of Ontario shall run their own country by putting their faith and trust into their administrators, who are the employees of the Sovereigns and not the other way round.**

**Self-determination is an inherent right! It isn't lawful or sustainable for the Republic of Ontario's Sovereigns to be enslaved by the Globalist World Government and Crown that can seize and stop our lawful rights to liberty and freedom. The Sovereigns of the Republic of Ontario have a duty to fight for what is best for their Sovereignty, now and in the future. The Republic of Ontario sovereigns deserve administrators who will fight for what is best for the Republic of Ontario sovereigns all the time and in all areas. This has never been the case, and we are ending this charade for the safety and well-being of ourselves and future generations of Sovereigns.**

**The Republic of Ontario has long surpassed the stage of calling for full Sovereignty based solely on political, historical, or ideological differences. The Republic of Ontario now recognizes that its reasons and call for Sovereignty are as urgent as they are many and varied: energy and water safeguarding projected environmental change, reckless global financial agendas, illogical and unreasonable increases in local, national and international taxes, immigration and foreign policy, and our need to defend our unique social and cultural values being obvious examples. All the Republic of Ontario's Sovereigns invites all sovereigns and their descendants who have left Ontario to return. The Republic of Ontario welcomes all sovereigns to contribute and partake in its present, future and fully support and recognize our sovereign rights from all sovereign nations. Only through good leadership, foresight, and sensitive long-term planning can we make sure that the Republic of Ontario is ready to deal with the global, economic, environmental, and political instabilities. Controlling our natural resources, our economy, and immigration. This will allow us a harmonious and well-assimilated society within our economic capabilities and resources. Without full Sovereignty, the Republic of Ontario will literally be drained of its powers and energy and become bankrupt and forever dependent.**

**Why should the Republic of Ontario become a sovereign country? The Republic of Ontario has incredible beauty and variety, immense natural and renewable resources and energy, a history of free and independent thought, strong social as well as individual values, incredible culture, and tolerant society that produces sovereigns that contribute hugely to the world and to civilization. We are immensely lucky to find all these values in one place, and we cannot and will not take them for granted. These are values and strengths worth protecting and fighting for. If any nation in the world needs and deserves to be a modern sovereign nation, that country is the Republic of Ontario.**

**The Sovereigns of the Republic of Ontario will acquire and control the use of property, lands, water, air, and natural resources presently controlled by the Globalist governments from beyond the Republic of Ontario's borders. To protect our soil, air, waters, and rivers for our children and for the generations to come. To rightfully claim our lands, airspace, and territorial waters as defined by International law, which rightfully and lawfully protects our future renewable and non-renewable energies and resources within the designated territorial waters and borders of the Republic of Ontario. To control and determine our own immigration policy and all other policies for the Republic of Ontario. The right to fully govern ourselves for the benefit of all those living in the Republic of Ontario today, tomorrow, and in the future.**

**The Sovereigns of the Republic of Ontario declare and ask all sovereigns to take part in the movement for its official implementation. Whatever your creed, race, or colour, the sovereigns ask everyone to embrace a real and positive future as a free ambitious potent nation with everything to offer all sovereigns.**

**The Sovereign's of the Republic of Ontario hereby declare Sovereignty and await its full official implementation.**

**The Republic of Ontario  
Sovereignty Forever**
